**PREMIER PNEUMATICS INC. - [www.ktronpremier.com](http://www.ktronpremier.com)**

–Bulk conveying systems by vacuum, pressure or combination. Includes bolted and welded silos, railcar unloading systems, in-plant transfer systems, gravimetric/volumetric blending, aerolocks, diverter valves, dust collectors and bin vents, cyclones and filter receivers, blower packages, knife gates and butterfly valves, weighing and scaling systems, resin dryers, automated control systems.

**ENGEL MACHINERY - [www.engelglobal.com/na](http://www.engelglobal.com/na)**

Injection molding solutions offering machines from 28 to 6,000 tons. Technical expertise and trained factory service. Electric, hydraulic and hybrid machines available. Tiebarless designs, two platen designs, multiple injection, insert molding, LIM, elastomers and fully automated cells available. Servicing automotive, medical, packaging, technical, electronics and other markets. 24/7 customer support with full training.

**MONITOR TECHNOLOGIES - [www.monitortech.com](http://www.monitortech.com)**

–Point level controls including capacitance, vibration, paddle, diaphragm, tilt. Silo inventory control systems with SiloPatrol units and SiloTrack software. Guided Wave Radar silo inventory control systems. Flow/no flow microwave detectors, dust sensors and aeration devices.

**HOSOKAWA POLYMER SYSTEMS - [www.polysys.com](http://www.polysys.com)**

–Granulators for all applications with total system capability. Includes press side, central, auger feed, large part, automated/manual feed, slow speed, heavy duty, hot melt, film, purgings, pipe, Double Angle Cut. De-dusting systems for fines removal.

**STERLING SYSTEMS - [www.sterlingblower.com](http://www.sterlingblower.com)**

–Regrind handling equipment including cyclones, filter heads, blowers, fines separation, elutriation systems, in-line cutters, finished parts transfer systems, edge trim reclaim systems, venturis, air tables and strand dryers.

**ENSIGN EQUIPMENT - [www.ensigneq.com](http://www.ensigneq.com)**

–Bulk material handling including gaylord tilt tables, gaylord/box/drum dumpers, portable batch mixers, stationary mixers, portable/stackable bins, surge bins, auger hoppers, live bottom bins, screw conveyors, super sack/bulk bag unloading stations.

**MORRIS COUPLING CO. - [www.morriscoupling.com](http://www.morriscoupling.com)**

–Piping accessories including tube/pipe in aluminum/carbon/stainless, elbows, compression couplings, tees, wyes, laterals, PVC hose, SS hose, hot air dryer hose, clamps, reducers/adapters, camlocks.

**INDUSTRIAL MAGNETICS - [www.magnetics.com](http://www.magnetics.com)**

–Tramp metal protection including drawer type, drop-in, inline or bullet type, gaylord wand, plate type.

**LORENZ CONVEYING PRODUCTS - [www.lorenz.ca](http://www.lorenz.ca)**

–2,3 and 4 way automated or manual diverter valves, Full line of slide gates for all applications. Gravity diverter valves, silo/hopper shut-offs. Pneumatic conveying accessories and components. Inline angel hair traps.

**DRI-AIR INDUSTRIES - [www.dri-air.com](http://www.dri-air.com)**

–Energy efficient resin drying systems. 2 bed and unique, patented 4 bed design. Capacities from 1-800 pounds per hour. Portable, floor mount and machine mount dryers, multiple hopper systems, and dry/blend/convey systems. Dri-Shot loading systems. Larger drying systems also available.

**MAGUIRE - [www.maguire.com](http://www.maguire.com)**

–Plastic industry's most popular batch blender. Nine blender sizes with over 100 models for pellets, regrind, additives, powders and liquid color. Blend up to 8,000 lbs/hr. Loading systems, advanced controls and material management software available.
